DEAR GARRETT MILLER,

Congratulations on your new Golden Retriever and welcome to the world of purebred dogs. Your AKC registration dollars support numerous AKC efforts to benefit dogs and dog owners. By registering your dog with the AKC, you supported valuable programs such as Pet Disaster Relief, the AKC Canine Health Foundation, the AKC Kennel Inspection Program, public education, canine legislation, and DNA parentage verification.

AKC registration provides wonderful opportunities for every purebred dog lover. The AKC Canine Good Citizen® program is an outstanding way to train your dog in basic obedience, valuable for every family. In addition, many dog owners enjoy the thrill of participating in AKC activities, shows and trials throughout the country. I invite you and your dog to get involved with the AKC!

To aid in a safe and healthy transition into their new home, your new dog is eligible for 30 days of pet health insurance through AKC Pet Insurance at no additional cost. This coverage offers reimbursement for many common accidents, injuries and illnesses and includes access to a 24/7 vet helpline. Activation required for coverage to take effect. For more information and to activate your policy, visit www.akcpetinsurance.com/certificate or call 866-725-2747.‡

Please note, if you ordered multiple items at the time of registration, they will be mailed separately and should arrive shortly. These include the AKC Certified Pedigree, the Dog Care and Training video, *Family Dog* magazine, and the AKC collar tag. If you did not order a Pedigree, you still have the opportunity to do so. An order form is provided on the back of this letter.

All of us want to be responsible dog owners. To help, the AKC offers a wealth of information at www.akc.org. Our site lists national and local dog clubs and AKC Canine Good Citizen® evaluators. Please visit us online and on Facebook and Twitter. If we can be of further service to you, please contact us by phone at 919-233-9767 or by email at info@akc.org.

Sincerely,

Dennis B. Sprung
President and Chief Executive Officer

	Fax: (970) 346-8115

Patient Information

Client: Miller, Garrett	Tattoo Num:
Patient Name: Buck	Patient ID: 956000011884977
Reg. Name:	Registration Num:
PennHIP Num: 178697	Microchip Num: 956000011884977
Species: Canine	Breed: GOLDEN RETRIEVER
Date of Birth: 27 Sep 2019	Age: 35 months
Sex: Male	Weight: 84.4 lbs/38.3 kgs
Date of Study: 26 Aug 2022	Date Submitted: 07 Sep 2022
Date of Report: 08 Sep 2022	

Findings

Distraction Index (DI): Right DI = 0.27, Left DI = 0.29.
 Osteoarthritis (OA): **No radiographic evidence of OA for either hip.**
 Cavitation/Other Findings: No cavitation present.

Interpretation

Distraction Index (DI): The laxity ranking is based on the hip with the greater laxity (larger DI). In this case the DI used is 0.29.
 OA Risk Category: The DI is less than or equal to 0.30. This patient is at minimal risk for hip OA.
 Distraction Index Chart:

BREED STATISTICS: This interpretation is based on a cross-section of 24700 canine patients of the GOLDEN RETRIEVER breed in the AIS PennHIP database. The gray strip represents the central 90% range of DIs (0.32 - 0.79) for the breed. The breed average DI is 0.53 (solid square). The patient DI is the solid circle (0.29).

SUMMARY: The degree of laxity (DI = 0.29) ranks the hip within the tightest 5% of DIs for the breed. This amount of hip laxity places the hip at a minimal risk to develop hip OA. **No radiographic evidence of OA for either hip.**

12/15/2020 10:00 AM

INTERPRETATION AND RECOMMENDATIONS: No OA/Minimal Risk: Unlikely to show radiographic evidence of hip OA; even more unlikely to develop clinical signs of hip dysplasia. **Recommendations:** Normal to strenuous activity is permitted. Keep lean: try to maintain BCS at 5/9 for a longer and healthier life.
Breeding Recommendations: Please Consult the PennHIP Manual.

COMMENTS:

Thank you for following policy and sending at least 2 Distraction views, as confirmation, when the hips appear tight (less than 0.30 DI).
